662F .....	24-25		
670F Series Wide Pull/Thumbpiece Escutcheon Trim			
673F, 675F .....	28-29		

## INTRODUCTION

### Installation Notes

1. Any retrofit or other field modification to a fire rated opening can potentially impact the fire rating of the opening, and ASSA ABLOY ACCENTRA™ makes no representations or warranties concerning what such impact may be in any specific situation. When retrofitting any portion of an existing fire rated opening, or specifying and installing a new fire rated opening, please consult with a code specialist or local code official (Authority Having Jurisdiction) to ensure compliance with all applicable codes and ratings.
2. Refer to the templates and installation instructions for complete door preparation and installation requirements.
3. Machine screws are provided for steel reinforced doors, threaded-to-the-head AB Type screws are provided for wood door applications. In addition, sex nuts and bolts are provided for fire rated devices and are optional for non-rated devices. It is recommended that sex nuts and bolts be used for all exit device applications. This will improve the performance and extend the life of the product.

### How to Order Parts

1. In order to simplify the ordering procedure and maintain regulatory compliance, parts are only available as listed
2. To order parts, provide the appropriate quantity, part number, finish, hand (when required) and description as directed and illustrated below.

**For example, use the following configuration to order:**

**A) ten escutcheon assemblies in satin chrome**

**B) one AU lever assembly in bright brass**

	Quantity	Part Number	Finish	Hand	Description
A	10	60-7000-0416-FIN	626	—	Escutcheon Assemblies
B	1	60-7000-0095-FIN	605	—	Lever Assembly

For assistance, contact your authorized ASSA ABLOY ACCENTRA™ distributor, sales agency or visit our website at [www.accentra-assaabloy.com](http://www.accentra-assaabloy.com).

3. For "X" in part number, specify finish required:
  - For 629 or 630 substitute "X" with "7"
  - For all other finishes substitute "X" with "2"

### Finishes

ANSI/BHMA Code	Finish Description	ANSI/BHMA Code	Finish Description
600	Primed for Painting (Mullions)	629	Bright Stainless Steel
605	Bright Brass, Clear Coated	630*	Satin Stainless Steel
606	Satin Brass, Clear Coated	689	Aluminum Painted
611	Bright Bronze, Clear Coated	691	Light Bronze Painted
612	Satin Bronze, Clear Coated	693	Black Painted
613E	Dark Oxidized Satin Bronze - equivalent	695	Dark Amber Coat (Mullions)
619*	Satin Nickel Plated, Clear Coated	BSP	Black Suede Powder Coat
626*	Satin Chrome Plated	WSP	White Suede Powder Coat
628	Satin, Clear Anodized (Mullions)		

#### MicroShield®

\*Finish available with MicroShield antimicrobial coating, additional finishes by special application. Consult factory for availability.

## 210 SERIES PLATE TRIM

Compatible with 1800, 2100, 6000 and 7000 Series Wide & Narrow Stile Exit Devices

Nightlatch Access by Key  
60-2100-0090-FIN

**213F**

Dummy Trim Pull Plate  
60-2100-0020-FIN

**214F**

Night Latch Cylinder by Pull  
60-2100-0021-FIN

**217F**

**Cylinder Ring**  
Standard: 1765-.250  
Others: Supplied with  
cylinder

**Finger Pull**  
214F, Pull Only  
217F, Pull x Cylinder

**(2) #10-24 x 3/4" PTHMS**  
81-0015-0516-048

**Cylinder Housing**  
60-2000-6206-082

**(2) Cylinder  
Mounting Screws**  
Standard: 12-24 thread  
60-7000-1235-048  
Others: Supplied with  
cylinder

## 620F, 621F, 651F TRIM

Compatible with 1500, 1800, 2100, 6000 and 7000 Series Wide Stile Exit Devices

Item	Part No.	Description
1	60-7000-0648-FIN 60-7000-0614-FIN 60-7030-0193-FIN	Escutcheon Assembly 620F 621F 651F
3	See Chart Page 50	Cylinder, Rim or Mortise*
5	60-2000-6206-082	Housing, Cylinder 621F
6	60-7000-1235-048	Screw, Cylinder 621F Mounting (2)
17	81-9500-1404-FIN 81-0013-0670-FIN 99-9999-X156-FIN	Screw Packet, Mtg. <b>Consists of the following:</b> Screw, 1/4-20 x 1" OPHMS (2) Washer, #14 Finish (2)

\* See page 50 for cylinder collar applications.

620F, 621F, 651F TRIM

## HANDING INSTRUCTIONS

The following Free-Wheeling exit device lever trims will ship with a universal lever spring and hub:

626F, 627F, 628F, 629F, 690F, 691F

The universal spring allows the handing for the trim to easily be changed without the need for any additional parts.

The required trim handing should be specified on the purchase order and will be set at the factory.

The following details changing the handing in the field:

Tools Needed: Needle Nose pliers, Crescent wrench

### Notes:

During change ensure black gear does not rotate.

Please wear safety glasses and be aware of spring tension on spring hub upon removal and assembly.

Light lubrication is recommended under flat gear, white lithium grease can be used.

- Remove cotter pin
- Remove castle nut
- Remove washer
- Carefully pull up on spring hub to disengage spring
- Remove spring and note orientation
- Remove lever handle
- Pick-up flat gear, flip and orient stop on opposite side of stop post. See pictures for hand orientation.
- Install spring upside down from original orientation and place spring leg on opposite side of stop post from original installation orientation
- Install lever 180 degrees from original position
- Install spring hub with stamped number in the 6 o'clock position
- Rotate spring leg around with needle nose pliers to engage notch in spring hub, refer to pictures for reference position. Press down on spring hub to ensure complete engagement.
- Install washer
- Install castle nut, do not over tighten, verify by insuring lever returns horizontally on its own
- Install cotter pin
